

Koda may be a little different than most kids but he is having a happy life. Lets take a look. This book is based on my daily experiences as a mother of a son with Autism. I wrote this book to help to reduce the worry and increase the knowledge of those struggling to raise an Autistic child. With simple sentences and cute illustrations, this book is easy to understand visually and can be used in a variety of contents. Most of all, I hope this book will act as a guide to create understanding for Autistic childrens relatives, people around them and teachers using this book as a text book. It is my dream that this book will spread more happiness throughout the world! Kodamama
