

A Farmers Alphabet leads young readers on a walk through a sustainable farm from A to Z. From Apple to Zucchini and every letter in between, each letter of the alphabet is paired with the animals or plants on a sustainable farm in southern Maryland. A Farmers Alphabet opens the readers eyes to the amazing world of sustainable farming. Wonderfully written by Charles Long and beautifully illustrated by Christina Allen, A Farmers Alphabet is sure to charm and engage children of all ages, and adults too. Charles Long is a teacher, educator, and speaker. Christina Allen is a celebrated artist and sustainable farmer. The book will become an instant favorite. This is Charles and Christinas second book collaboration. Their first book, Momma Tree, won the National Moms Choice Book Award AND a Gold Moonbeam Book Award. My friend Christina lives on a special kind of farm: a sustainable farm. Sustainable farmers grow our food and take good care of the Earth. One of the ways they do this is by growing lots and lots of different kinds of food. Her farm has everything from A to Z. Dont believe me? Read the book.
