

The Princeton Review realizes that acing the AP Biology Exam is very different from getting straight A's in school. We don't try to teach you everything there is to know about biology—only what you'll need to score higher on the exam. There's a big difference. In *Cracking the AP Biology Exam*, we'll teach you how to think like the test makers and eliminate answer choices that look right but are planted to fool you. Improve your score by knowing in advance what biology topics are most likely to be tested. Memorize complicated biology concepts using simple techniques. Use the Three-Pass System to get the most out of your time. Ace the Essay section by practicing on our sample essay questions. This book includes 2 full-length practice AP Biology tests. All of our practice test questions are like the ones you'll see on the actual exam, and we fully explain every answer.
