

In this exciting new Curious George series all about discovery, George doesn't want to be left in the dark when the scorching summer heat causes power outages all over the city. With help from Professor Wiseman, George learns all about the museum's new solar panels and how they can harness the sun's power to create heat and light. Based on the Emmy-winning PBS show, this story is filled to the brim with additional facts, real photos, experiments, activities, and more. Learning about science has never been so much fun!
