

So you think you have an idea that could make millions. Or, maybe you dont have an idea yet, but are sure that a world-changing product is soon to emerge from your creative mind. You want to know how to take that idea and turn it into a viable product. Then this book is a must-read! Marty J. Carty is the inventor of the patented Shur Trax System-a safer alternative to add traction to your vehicle. Marty is currently experiencing the invention journey firsthand. This book is based on his own personal story of taking an idea and bringing a new product into reality. It took time, money, energy, blood, sweat, tears, and jeers, but by trusting his gut and learning the ropes, he was able to bridge the gap between idea and reality and live to tell the tale. Martys hopes are that by reading his book, you will learn the seven lessons that will save you time, energy, and expense when you embark on the journey for yourself. Take comfort in knowing that hes gone through the trial and error for you. Now all you need to do is reap the benefits-and enjoy the ride!
