

â€œ This book contains a unique translation, scanned and adapted by the publisher.â€œ Estudio en escarlataâ€• es la primera de las cuatro novelas que componen la saga novelesca de Sherlock Holmes, nacida de la pluma de Sir Arthur Conan Doyle. En este relato policiaco donde ya se vislumbran todos los lugares y artes del genero, Doyle pone en escena por primera vez al inseparable companero de aventuras de Holmes, el doctor Watson, quien acaba de volver a Londres despues de ser herido en la primera guerra de los britanicos en Afganistan. Watson, impresionado por las excentricidades de su nuevo companero de habitacion, y su capacidad deductiva, se ve involucrado pronto en la investigacion de una serie de extranos crimenes que conmocionaran la capital del Imperio Ingles. Al final, la historia de estos crimenes llevara al lector hasta las planicies norteamericanas y el desierto salado donde una misteriosa comunidad mormona se interna en busca de su tierra prometida, encontrando en esos paramos desolados a un hombre con una pequena nina al borde de la inanicion. Sociedades secretas, elementos del western y el mejor humor y flema del detective mas famoso de todos los tiempos se conjugan en este clasico de la novela policiaca, imprescindible para iniciarse en el peculiar mundo de Sherlock Holmes.Â© 2012 â€“ 519 editores
