

This is more than just a book! Broke To BMW is a 12 month workbook, helping business owners out of financial situations, utilising strategies that Shar personally used herself to turn her business around. Shar will share her personal story and also teach you month by month, what she did to claw her way back to the top. There will be a place for you to write down your progress and start implementing these ideas to achieve your own personal success. This is a book that you will keep close to your side for the 12 months, and as these steps have worked for Shar, they can work for you too!
