

This supplementary volume is designed to be used together with the core volume: Guide for Local Authorities. It seeks to provide technical guidelines and methodological instruments to local authorities, public service officials at the local level, as well as private developers, enabling them to assume their responsibilities in this field with more effective, up-to-date know-how. The publication includes many case studies giving good examples of community based tourism. It describes suitable, imaginative, and realistic design approaches for achieving sustainable tourism development at the local level.
