

Wild's™ Managerial Accounting presents the managerial accounting course content using a corporate approach. It features the same student-friendly writing style and learning tools that have enjoyed consistent success with students and instructors using other texts in the Wild series. Also consistent with this series is Managerial Accounting's™ focus on the "Three C's": • Clear presentation of accounting concepts, • Concise coverage to help students focus on important material, and • Cutting edge technology to engage students and improve their chances for success. The author provides a balance of small and large business examples, integration of new computerized learning tools, superior end-of-chapter materials, and highly engaging pedagogical learning structures. Technology tools such as Connect Accounting provide students with further advantages as they learn and apply key accounting concepts and methods.
