

Updated for the latest available exam... If you are studying towards the Project Management Professional (PMP®) Examination, this book is an essential aid in your study program. It contains over 400 realistic multiple choice practice questions, answers and explanations. The book is organized into two useful parts. The first is comprised of all the questions, organized in chapters by topic, allowing readers to simulate the actual test. The second part not only gives the answers, but also comments on the incorrect answers, providing additional insight and helping you formulate your test-taking strategy. What You'll Learn Q&As to over 400 realistic practice questions and answers What are all the formulas needed to pass the exam You can use the first part to simulate testing You can use the second part as a study guide to understand why an answer is correct or not This book is for those with project management experience and some IT experience who are ready to study for and take the PMP exam.
