

R.A.T.S Revenge Against Territorial Sequestration With apologies to Walt Disney. This is not a Mickey Mouse story. This is a true story of a Jewish family who escaped the wrath of Nazi Germany, found their way into the war torn England. When they thought that they had now settled into a quiet peaceful English life in rural countryside, terror strikes. Future wiped out of the family, the Jewish father instructs the twin sons to avenge the perpetrators. During a meeting with another Russian Jew, the twins hear of how to motivate Rats to decimate Rats! After exacting the avenge, the twins leave England on a adventure holiday to Amazon Rain Forests leaving the Rodents to fend for themselves. The Rodents now multiplied exponentially, with a taste for blood, burrow out of their containers to terrorise British population. All original names have been changed to maintain anonymity and confidentiality. However names and details of some original locations remain same to maintain a degree of authenticity This book is dedicated to Israel, to the Israelites the World over, suffering from terrorism, and to the Palestinians who are seeking the security of their own State. Finding a solution for mutual peace and co-existence is a distant dream.
