

Excerpt from Rulers of India The story of Lord Aucklands Indian career, as told in this volume, seemed historically incomplete without the chapters which record the measures taken or sanctioned by Lord Ellenborough for the subsequent advance of our troops to Kabul, and for their final retirement from Afghanistan. To the materials used by Kaye and Durand in their respective histories, time has added little that is either new or of much importance. The documents, old and new, consulted in the making of this little volume, are indicated, as occasion arises, in the footnotes. Kayes great work, in its later editions, and Durands unfinished narrative still hold the field between them as trustworthy guides to a just appreciation of the policy which led to the Afghan War of 1838-42. To the revised Blue-Book of 1859, and the debate raised by Mr. Dunlops motion of the 19th of March, 1861, we owe the full and final confirmation of Kayes charges against the compilers of the garbled Blue-Book of 1839.
