

Want To KNOW What Makes Smarter Teams SUCCEED? Imagine. Ready? In less than 90 min you could actually KNOW the thinking tools top-tier management consultants use to tackle one of the Seven Successes of Smarter Teams. In our ever-changing world, shallow use of old business ideas no longer cuts it for successful professionals and teams. Agree? Business teams endure frustration and ambiguity. True? Here is where the Seven Successes can be useful to you. Ready for the secret? What Are The Seven Successes? In Seven Successes for Smarter Teams, Dr. Ali Matthew Monadjem, former consultant, team leader and trainer with top business management consulting firm, McKinsey & Company, shares seven core elements required for successful business management and team building. This business how to guide teaches proven techniques that can change you or your team forever, and do it fast. Many who use these thinking tools find it much easier to earn six and seven figure annual incomes over time, due to the value these smarter individuals are adding to their teams and organizations (*disclaimer: these earnings are not guaranteed!*). Where are These Techniques From? These techniques are similar to those used by many top business management consultants, in firms such as McKinsey & Company, BCG, Bain & Company, AT Kearney, and so on. Now anyone can access great thinking tools and techniques, and more, without years of sacrifice. Useful, right? This is exactly why Dr. A.M. Monadjem developed this series for Accompany Advisory's Executive Learning Academy, which focuses on executives' parallel and complimentary needs for impact consulting and insight-driven capability building. Its global team brings you the best insights on building smarter teams, simply and easily. Do I Need This? Not if you don't want to get more done in less time. Otherwise, definitely. Incredible impact awaits you and your teams. Sound good? Being stuck in traditional ways, with outdated views, can have calamitous costs at all levels. Can teams survive without a good set of core tools? Take Advantage Now! These tricks have worked for many high-potential graduates, consultants, managers, and executives. You can have them work for you. When you read this book you'll take advantage of the Seven Successes, find out what they are, and delve deeper into the third secret of success.
