

In Rio de Janeiro, the spiritual home of world football, and Buenos Aires, where a popular soccer club president was recently elected mayor, the game is an integral part of national identity. Using the football stadium as an illuminating cultural lens, *Temples of the Earthbound Gods* examines many aspects of urban culture that play out within these monumental architectural forms, including spirituality, violence, rigid social norms, anarchy, and also expressions of sexuality and gender. Tracing the history of the game in Brazil and Argentina through colonial influences as well as indigenous ball courts in Mayan, Aztec, Zapotec, Mixtec, and Olmec societies, Christopher Gaffneys study spans both ancient and contemporary worlds, linking the development of stadiums to urbanization and the consolidation of nation building in two of Latin Americas most intriguing megacities.

Introducing Death and Dying: Readings and Exercises, A Passion for Fruit, Studies in the Chinese drama, Vietnam (Berlitz Pocket Guides), Utilitarianism (Illustrated): Classic Edition, How to Form Your Own Partnership, Summers Promise (Lifeguards), Dialectical Materialism, The Main Event #2 (Gladiator Island), The Doolittle Raid: The History and Legacy of the First American Attack on Tokyo During World War II,
