

Ever wondered why your life flashes before your eyes at the very moment of death? Neither has Margie, a feisty young girl, until she finds herself in Limbuss, a purgatorial underworld populated by monsters, demons and some unusual looking circus folk. Believing her to be the long-lost Collector (the one who collects your life-story at the point of death) some of the inhabitants of Limbuss will go to any lengths to capture her. This, however, is the least of Margie's worries when it becomes apparent that something dark has followed her into this strange new world; a monster, it turns out, of her own making and one that poses an immense threat to more than just the inhabitants of Limbuss. Her only hope of eradicating this deadly force before it falls into the wrong hands is to embark on a journey with her side-kick (an ex-circus giant) to The Darkest of all Places. Interweaving Margie's real-life-story with her other-worldly journey through Limbuss; *The Collector of Remarkable Stories* is an action packed tale of friendship, mistaken identity and the transcendental importance of our own individual life stories. EB Huffer has created an incredible, sinister, compelling and strangely romantic world peopled with characters that, by turns delight and horrify. It's a brave extravagant fantasy that will propel you at breakneck speed through a series of rollicking adventures, with unexpected twists and turns. With crackling dialogue and beautifully drawn characters the emotional heart of the story is never compromised - *Attagirl*
