

The continuation of Robert Stanek's thrilling adventure full of mystery, magic, elves, monsters, and the ultimate battle between good and evil! Great deeds could not undo the past, or change the prejudice of men. Elves and men are enemies, as it has been, and King Andrew has his own concerns. The kingdom alliance is shattered. An ally and a great king is dead. War seems inevitable. If there is any hope, he must rid Great Kingdom of the enemy's spies. But is such a thing possible without the backing of those he needs the most?
