

The Uniform Evidence Law Guidebook is the latest in the Guidebook series. It covers the fundamentals of evidence law in the uniform jurisdictions in Australia. It facilitates student learning by using accessible and clear language to explain complex concepts. Questions throughout the text and at end-chapter mirror the assessment types that students will encounter during the course of semester, to help practice skills and consolidate content knowledge. Central to this guidebook is its capacity to facilitate student engagement with the process of proof, drawing and maintaining explicit links between theory and practice. Through the use of a Criminal Trial Thread Scenario, the guidebook enables students to become active participants in a trial, promoting deep experiential learning. Witness statements and other materials are provided for the majority of topics areas, with each new statement requiring students to apply their acquired knowledge incrementally in a progressive and continuous manner as either prosecution or defense lawyers. This taste of reality experience also allows for incremental development of important skills in oral communication, decision-making and advocacy. In other topic areas, review problems are provided to encourage students to develop their analytical problem-solving skills in relation to realistic and typical evidence issues arising in the context of criminal and civil litigation.

Pass the Test: Chapter Test Video Solutions on CD for Beginning and Intermediate Algebra with Applications and Visualization, Competing Against Time: How Time-Based Competition is Reshaping Global Mar, Little journeys to the homes of the great Volume 8, Die Fleischmafia (German Edition), Magic Show (D.I.Y.
