A Hazel Dawkins, a feisty young lawyer, takes maternity leave anticipating a period of tranquillity. A Instead, the dreams begin. In them she encounters Annie, a passionate young woman whose romantic and tempestuous life was adventurously lived, more than two centuries previously, in the cottage that Hazel now occupies. A As their destinies entwine, Hazel not only confronts a terrifying challenge that parallels history, she finds herself desperately fighting for survival in a cruel and unforgiving age. Even more disturbing is the realisation that her battle will affect the future for those in the past whose fate is, as yet, unwritten. A Her only ally is Annie. Together they face events that echo through the centuries, events that are as violent and compelling as they are unexpected. A And, as the past collides with the present, the time for the birth of Hazels child draws ever nearer. A PLEASE SCROLL UP AND GRAB YOURSELF A COPY!
